One ballet class is required for registration. Ballet is the foundation for all dance styles. It provides all the basic body, feet, and arm positions, as well as basic technique. In addition of promoting physical strength, ballet also can boost memory retention, understanding music and the beginning of learning a second language: French.

Starting age of a dancer at the studio is 3 ½ turning 4 during the 2025/2026 season. Season begins officially after Labor Day and will go through May 2026. End of season recital will determine the end date in May. I do give time off for the holidays and "snow" days if any. We do make them up on alternate day so we don't miss floor time.

## An Open House & Registration dates will be August 21 & 22, 2025 5-7pm.

Attached is a sample schedule, which is subject to change, as enrollment for classes progresses. Dependent on numbers within a specific age group, classes may drop or be rescheduled to another day. I try very hard to work around school schedules and would love for others outside of Custer to come join us.

Tuition billing and payment system is through Square. Statements can be reviewed and/or paid online. You still can send checks or cash to the studio for payments of tuition, costumes etc. (\$40 returned check fees on NSF checks). I do need a good email from all responsible parties for statements to be sent. Thank you in advance! Classes/days/Rates/fees are subject to change. I will try to accommodate the dancer's needs.

Registration Fees: \$30/dancer

Families with 2 or more dancers \$15/dancer

Tuition. Can be paid annually, quarterly, or monthly. Sales taxes are included in the pricing structures.

<u>Discounts:</u> After your enrollment of the required ballet class: if adding a second class, there is a 10% discount off that dancer's tuition.

Family Discounts: Families with 2 or more dancers, 15% off your entire tuition will be calculated.

Advanced Ballet and Pointe Classes: Your season will begin Tuesday August 26 @ 6:30 pm!

Looking forward to the new season!
